

Animal Origin Statement

1. Name of product: EndoTrap

For biomanufacturing & research use only.

2. Catalog number(s):

EndoTrap HD (LET0023, LET0011, LET0012, LET0013)

EndoTrap red (LET0033, LET0003, LET0004)

3. Is product used for cell culture?

No.

4. Material Source of main compound (for animal-origin additives like BSA see 5.):

Microbial (incl. rec eucaryotic prot.)

5. Is product produced by microbial fermentation?

Yes. Material is produced by recombinant microbial expression (vector is not be considered pathogenic for livestock or avian species) and the organism does not contain genes or express antigens of livestock or poultry disease agents.

6. Other animal-origin additives (added to the main compound):

6.1 Is BSA used?

No

6.2 Is gelatin used?

No.

6.3 Are other animal-origin additives used?

No.

Braunschweig, 04.06.2019
